

Statement

from Assoc.Prof. Kalina Andreevska, PhD, section "Social Pharmacy", Faculty of Chemistry and Pharmacy, SU "Kliment Ohridski", member of the scientific jury, included by normative document No. RD - 81/ 01.03.2024 of the Rector of the University "Prof. Dr. Asen Zlatarov",
Burgas

Regarding: competition for the academic position "Associate Professor", announced in the State Gazette, No. 1 of 02.01.2024, in the field of higher education 7 "Health and Sports", in the professional field 7.4 Public Health, scientific specialty "Social Medicine and organization of health care and pharmacy", in the Department of "Organization and Management of Health Care", Faculty of Public Health and Health Care, University "Prof. Dr. Asen Zlatarov", Burgas, with a single candidate, chief assistant Dr. Vanya Bozhidarova Georgieva, MD.

Chief assistant Vanya Bozhidarova Georgieva, MD is a doctor with specialty neurosurgery, working at the "Rahila Angelova" Medical Center in Pernik. She participated in many courses and trainings in the field of brain revascularization, neuroradiology, etc. She is a member of the Bulgarian Medical Union; of the Bulgarian Neurosurgery Society and the Bulgarian Stroke Society. From 2022 until now she is also the chief assistant at the University "Prof. Dr. Asen Zlatarov", Burgas, Faculty of Public Health and Health Care, Department of "Organization and Management of Health Care", She was awarded the title of "Doctor" on 18.11.2016. in PD 7.4, with a scientific specialty of Social Medicine and healthcare and pharmacy organization.

The scientific activity of a doctor is represented by 42 scientific works that are outside the list of publications of the dissertation work for the award of the educational and scientific degree "Doctor", distributed as follows: Her dissertation is on the topic "Pharmacoeconomic evaluation of the surgical and endovascular treatment of cerebral aneurysms". She presents as a Habilitation thesis - a monograph on the topic of Marketing for pharmacists when providing pharmaceutical services in pharmacies. There is a published book based on a defended dissertation work for the award of an educational and scientific degree "Doctor" on the topic Pharmacoeconomic evaluation of surgical and endovascular treatment of cerebral aneurysms. She participated in 10 publications published in a scientific publication, referenced and indexed in the world-famous database of scientific information (Scopus / WOS), and in three she is an independent author. Publications and reports published in non-refereed peer-reviewed journals or published in edited collective volumes are a total of 25. She has also contributed to 3 chapters

published in 3 separate collective monographs. The total number of citations is 10 in number, as in scientific editions, referenced and indexed in world-famous databases with scientific information, there are 8, and in monographs and collective volumes with scientific review, there are 2. She has participated in 1 international project. She has written a textbook on medical-ethical cases.

According to the report on the fulfillment of the minimum requirements specified in Appendix one of the Regulations on the conditions for acquiring scientific degrees and occupying academic positions at the University "Prof. Dr. As. Zlatarov"-Burgas, Doctor Vanya Bozhidarova Georgieva fulfills the requirements for an associate professor based on the total number of points in the groups of indicators, which is 1059.5 points, with the minimum requirements of the university for an associate professor being 450 points.

After studying the publications submitted for the competition, I believe that the scientific contributions formulated in the Statement of Contributions and Scientific Achievements are to a large extent contained in the submitted materials. I believe that the candidate's contributions can be characterized as innovation for science, enrichment of existing knowledge and to some extent as application of scientific achievements in practice.

I have no substantive objections to the scientific publications presented by the candidate. I would advise her in her future work to focus again on experimental research, for which she has excellent training and personal qualities. I am convinced of this, as I know very well her dissertation work for obtaining the educational and scientific degree "doctor".

From the attached reference for educational and teaching activities, it is clear that Vanya Bozhidarova Georgieva participated in the development of curricula for the "Health Management" Specialty, the "Bachelor's" Specialty, the "Medical Representative" Specialty, the "Master's" Specialty, the "Health Tourism" Specialty ", EQD "Master".

She leads lectures and seminars for students majoring in "Health Management", EQD "Bachelor" and EQD "Master" in the disciplines: "Pharmacoeconomics", "Medical Ethics and Deontology" and "General and Medical Sociology", Social Medicine and Epidemiology. Organization and management of palliative care. She is at ½ full time at the University /from 01.11.2022/ 191.6 hours for the 2022/2023 year and 49.5 hours for the winter semester 2023/2024. Dr. Vanya Georgieva, PhD, is a scientific supervisor and consultant in a scientific conference and sessions of two students from the "Health Management" specialty.

I find that the accumulated teaching experience is completely sufficient to acquire the academic position of associate professor.

Conclusion: What has been said so far unequivocally shows that Dr. Vanya Bozhidarova Georgieva is a built scientist and teacher. The scientific production presented for participation in the current competition fully meets and even exceeds in terms of volume and quality the requirements of the University "Prof. Dr. Asen Zlatarov" for occupying the academic position of "associate professor". The nature, scientific significance and volume of the candidate's scientific contributions, as well as her educational and teaching activities, allow me with deep conviction to recommend to the honorable members of the scientific jury to vote positively for the awarding of ch. assistant professor Vanya Bozhidarova Georgieva, PhD, in the academic position "Associate Professor" at the Faculty of Public Health and Health Care at the University "Prof. Dr. Asen Zlatarov", Burgas, as I will also vote.
